**1. Midlands Health and Rehabilitation Center – Columbia, SC**

Inspections and Investigations: The Department conducted six investigations and three inspections in 2019, and found that the facility repeatedly violated several regulatory requirements.

Violations: The Department cited the facility for a total of 54 violations throughout all visits in 2019, including 11 repeat violations, for failing to comply with Regulation 61-17, *Standards for Licensing Nursing Homes*. The violations involved policies and procedures, unhygienic practices, improper medical storage, insufficient training records, a myriad of missing documentation, and refusing to allow investigators access to all areas and records.

Enforcement Action: The parties conducted an enforcement conference and agreed to resolve the matter with a consent order. In February 2020, the parties executed a consent order imposing a civil monetary penalty of \$24,600 against the facility. The facility was required to pay \$14,760 of the assessed penalty within 30 days of executing the Consent Order. The remaining \$9,840 of the penalty will be stayed for six months. The facility has made the required payment. The facility is also required to attend a compliance assistance meeting with the Department on a date to be determined.

Prior Actions: None in the past five years.
